

PBA appointed to the Victorian government's Professional Advisory Services PANEL

The Victorian Government has appointed PBA to their Whole of Government Professional Advisory Services (PAS) Panel.

As a PAS panel member, PBA is prequalified to undertake work across the Victorian Government sector in a range of service categories.

The panel appointment reflects the calibre of our transport planning and policy advice and the capability of our specialist team. Our team members bring significant experience that is highly useful to government clients when making critical decisions about transport networks, policy and improvements.

PBA expects that PAS panel membership can streamline the way our Victorian Government clients can access our services.

PBA's PAS panel appointment includes the following service categories:

- Strategic Policy Review, and Project Development (CA-1)
- Business Case Preparation and Development (CA-2)

The categories above include all types of:

- Service need analysis
- Service planning
- Feasibility studies
- Strategic assessments

For more information, please contact Knowles Tivendale or Dave King.
